

# Are Cybersquatting Campaigns Targeting Airlines Taking Off?

Details about an [ongoing cybersquatting campaign](#) targeting Turkish Airlines were recently unveiled, naming 13 malicious domains connected to the threat. As one of our primary goals is to expand published lists of indicators of compromise (IoCs), we dug deeper into the campaign to determine if the threat is confined to Turkish Airlines or if other industry players are at risk as well.

Please [contact us](#) to learn more about this research or discuss other opportunities for collaboration.

## 1. Newly registered domains for the period between September 28-October 28, 2021 and potentially mimicking various airlines
